FOREWORD

Minister of Overseas Indian Affairs

PREFACE

An important service that the Ministry of Overseas Indian Affairs is striving to extend to the Overseas Indians is that of investment services to enable potential Overseas Indian Investors to benefit from India's rapidly growing economy. As a first step we are bringing out this Handbook for Overseas Indians in which we have attempted to compile the relevant information which an Overseas Indian may require in his initial efforts to establish his business ties with India. The Handbook contains the latest information and has been updated till November 2006 by bringing important but otherwise scattered information from the latest press notes, RBI master circulars, Economic Survey, FDI, Foreign Direct Investment Policy, Manual of DIPP, etc. at one place. The language of the book has been simplified by summarizing the technicalities and details of rules for the comprehension of the general Overseas Indian. Any person who would like to go into detail on the topics included in the Handbook may like to read this book along with the Compendium on Policies, Incentives and Opportunities for Overseas Indians which is also being published by the Ministry of Overseas Indian Affairs (MOIA) alongwith the Handbook. We would welcome suggestions for improving this book in the next edition.

ABOUT THE MINISTRY

The Indian Diaspora constitutes a significant economic, social and cultural force in the world. Overseas Indians estimated at over twenty million are spread across 110 countries. Their industry, enterprise, economic strength, education and professional skills are widely recognised. The bond which holds this vast and diverse overseas Indian community together with India is Indianness. The creation of the Ministry of Overseas Indian Affairs (MOIA) acknowledges the fact that the welfare of Overseas Indians needs mainstream attention. The mission of the Ministry is to promote, nurture and sustain a mutually beneficial and symbiotic relationship between India and its diaspora.

The heterogeneous Indian diaspora spread across eight major regions of the world is a product of different waves of migration over hundreds of years and have distinct expectations from the home country. In facilitating the process of engagement the Ministry seeks to provide for this wide range of roles and expectations.

The ministry also recognizes that the various States are important players in our Union of States. Equally, they are central to sustainable and mutually beneficial engagement between India and its diaspora. It must be recognized that any initiative that Overseas Indians, individually or collectively, take must be anchored in one of the States. The States are therefore encouraged to develop a stake in the entire process of engagement with the diaspora and become natural stakeholder partners.

The Ministry of Overseas Indian Affairs is a young ministry. Initially established in May 2004 as the Ministry of Non-Resident Indian Affairs' it was renamed as 'Ministry of Overseas Indian Affairs' (MOIA) in September 2004. The emigration division of the Ministry of Labour and Employment was attached to the new Ministry in December 2004. The NRI division of the Ministry of External Affairs (MEA) provides support to the MOIA and now functions as the Diaspora division in the Ministry.

The Ministry is headed by a cabinet minister and is organized into four functional service divisions: Diaspora Services, Financial Services, Employment Services, and Social Services. A small team of eleven officers (Deputy Secretary and above) is working in the Ministry in a delayed and multi-task mode.

The Protector General of Emigrants administers the Emigration Act, 1983. He oversees the eight field offices of the protectors of emigrants located at Chandigarh, Chennai, Cochin, Delhi, Hyderabad, Kolkata, Mumbai and Thiruvananthapuram.

DEFINITIONS

Who is an Overseas Citizen of India (OCI)?

A foreign national, who was eligible to become a citizen of India on 26.01.1950 or was a citizen of India on or at any time after 26.01.1950 or belonged to a territory that became part of India after 15.08.1947 and his/her children and grand children, is eligible for registration as an Overseas Citizen of India (OCI). Minor children of such person are also eligible for OCI. However, if the applicant had ever been a citizen of Pakistan or Bangladesh he/she will not be eligible for OCI.

Who is a Non Resident Indian?

Section 2 of the Foreign Exchange Management Act, 1999 (FEMA) deals with various definitions. It defines a person resident in India and a person resident outside India. However, it does not define the term non-resident nor it does define the term Non Resident Indian (NRI).

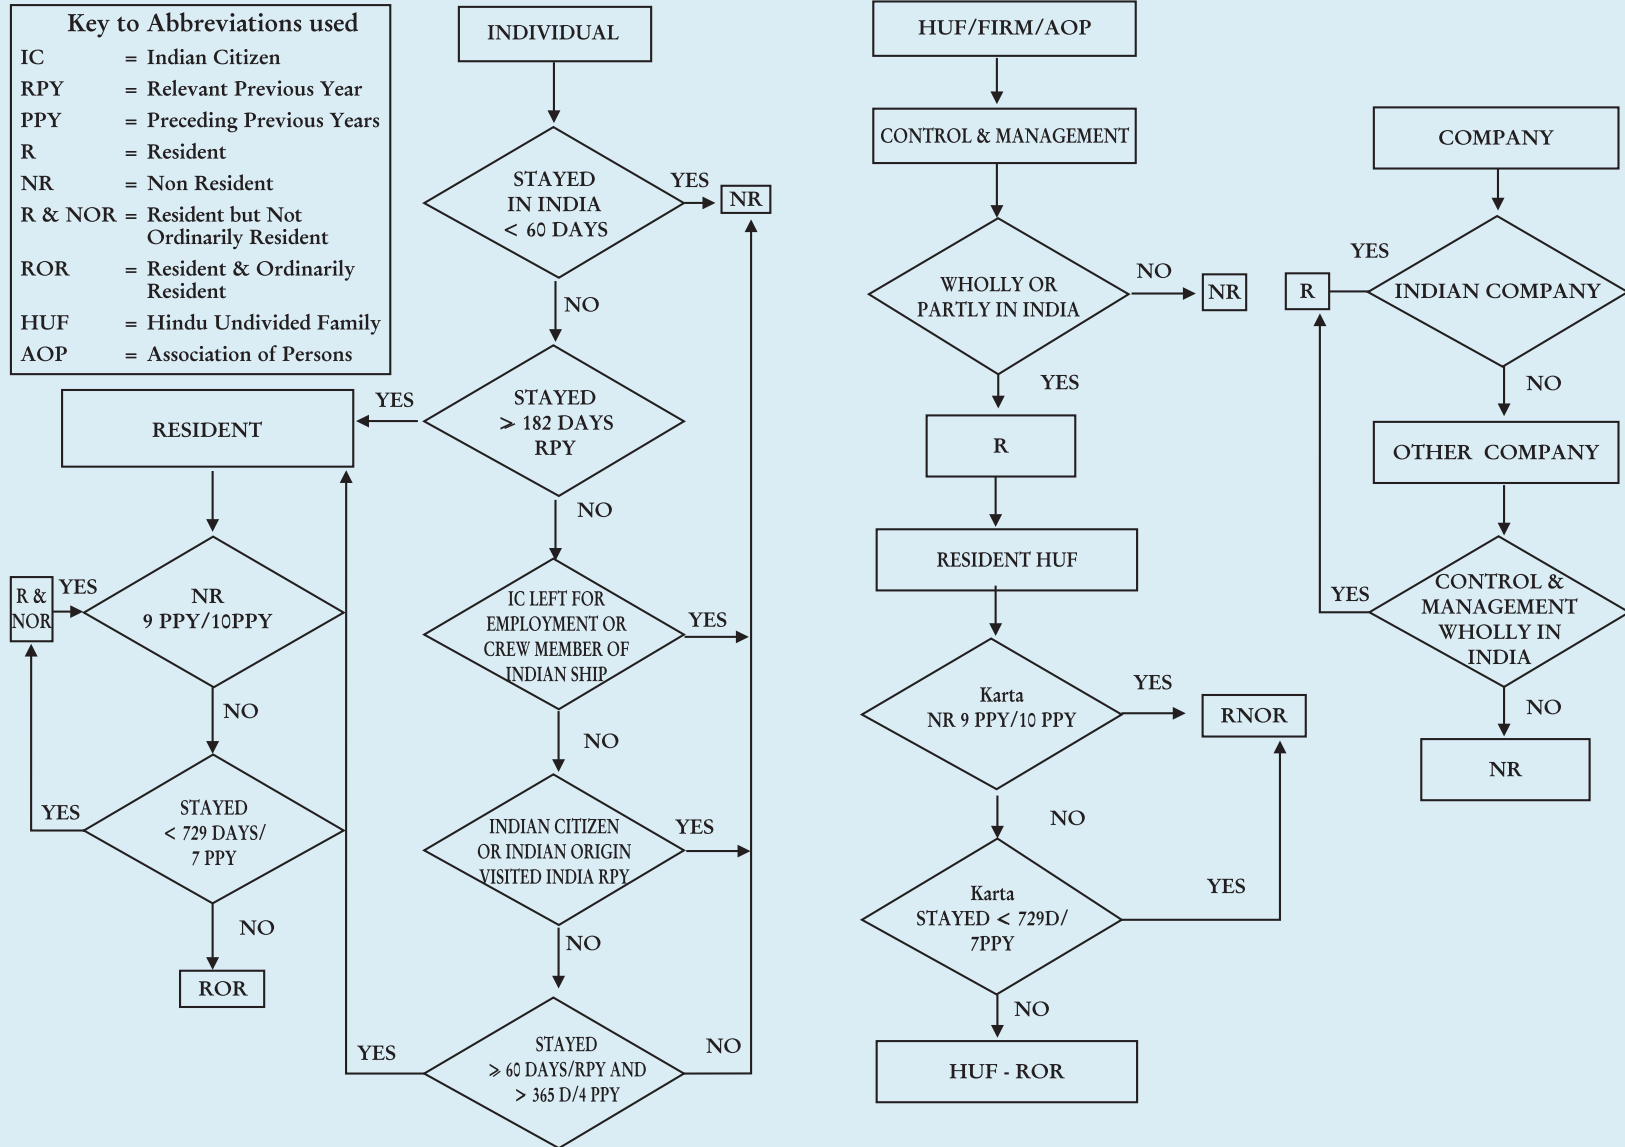

However, Notification No. 5/2000-RB (dealing with various kinds of Bank Accounts) defines the term Non Resident Indian (NRI) to mean a person resident outside India who is either a citizen of India or is a person of Indian origin. In short, the definition of the term NRI is contextual and can have slightly different connotations for FEMA/Income Tax/Acquisition of Immovable Property etc.

Who is a person resident in India?

Under the FEMA, a person resident in India means a person residing in India for more than 182 days during the course of the preceding financial year and who has come to or stays in India either for taking up employment, carrying on business or vocation in India or for any other purpose, that would indicate his intention to stay in India for an uncertain period. In other words, to be treated as 'a person resident in India' under FEMA a person has not only to satisfy the condition of the period of stay (being more than 182 days during the course of the preceding financial year) but has to comply with the condition of purpose/ intention of stay.(For details see FEMA, 1999).

DETERMINATION OF RESIDENTIAL STATUS OF AN ASSESSEE UNDER THE INCOME TAX ACT

The Tests for determining the Residential status of an assessee under the Income Tax Act can be explained with the help of a Flow Chart as follows:

Who is a Person of Indian Origin (PIO)?

1. For the purposes of availing of the facilities of opening and maintenance of bank accounts and investments in shares/securities in India;

Person of Indian Origin means any person:

- a) who at any time, held an Indian passport; or
- b) he/she or either of his/her parents or his/her grandparents was a citizen of India by virtue of the Constitution of India or the Citizenship Act, 1955(57 of 1955) or
- c) the person is a spouse of an Indian citizen or a person referred to in clause (a) or (b) above.

2. For investment in immovable properties;

Person of Indian Origin means an individual (not being a citizen of Pakistan or Bangladesh or Afghanistan or Bhutan or Sri Lanka or Nepal or China or Iran):

- a) who at any time, held an Indian passport or
- b) who or either of whose father or whose grandfather was a citizen of India by virtue of the Constitution of India or the Citizenship Act, 1955(57 of 1955)

3. For the purpose of PIO card scheme;

A foreign citizen if he/she at any time held an Indian Passport; or he/she or either of his/her parents or grand parents or great grand parents was born in and permanently resident in India as defined in the Government of India Act, 1935 or his/her spouse (for details, see Chapter 5 on PIOs).

What is an Overseas Corporate Body (OCB)?

Prior to deletion of OCB as a class of investors with effect from September 16, 2003 the term 'Overseas Corporate Body' was defined as a company, partnership firm, society and other corporate body wholly owned, directly or indirectly, to the extent of at least sixty percent by Non-Resident Indians and included overseas trusts in which not less than sixty percent beneficial interest is held by Non-Resident Indians, directly or indirectly but irrevocably.

However, OCBs which had prior to September, 16, 2003 availed of investment facilities under various schemes have general permission to continue to hold/transfer/gift (to Non Resident Indians/Residents

in India) their existing investments in shares/convertible debentures/securities of Indian companies. Indian companies can allot bonus shares accruing to the OCBs. Those which are incorporated in the host country and are not under adverse notice of RBI may be considered, for undertaking fresh investments, as incorporated non-resident entities by RBI/Government on case by case basis.

BANK ACCOUNTS

NRI/PIOs are permitted to open bank accounts in India out of funds remitted from abroad, foreign exchange brought in from abroad or out of funds legitimately due to them in India.

Such accounts can be opened with banks specially authorised by the Reserve Bank in this behalf [Authorised Dealers].

There are three types of Non-Resident accounts:

RUPEE ACCOUNTS

1) Non- Resident (External) Rupee Accounts (NRE Accounts)

NRI and PIOs are eligible to open NRE Accounts. These are rupee denominated accounts. Accounts can be in the form of savings, current, recurring or fixed deposit accounts. Accounts can be opened by remittance of funds in free foreign exchange. Foreign exchange brought in legally, repatriable incomes of the account holder, etc. can be credited to the account. Joint operation with other NRIs/PIOs is permitted. Power of attorney can be granted to residents for operation of accounts for limited purposes.

The deposits can be used for all legitimate purposes. The balance in the account is freely repatriable. Interest lying to the credit of NRE accounts is exempt from tax in the hands of the NRI.

Funds held in NRE accounts may be freely transferred to Foreign Currency Non Resident (FCNR) accounts of the same account holder. Likewise, funds held in FCNR accounts may be transferred to NRE accounts of the same account holder.

2) Ordinary Non-Resident Account (NRO Accounts)

These are Rupee dominated non-repatriable accounts and can be in the form of savings, current, recurring or fixed deposits. These accounts can be opened jointly with residents in India. When an Indian National /PIO resident in India leaves for taking up employment etc. outside the country, other than Nepal or Bhutan, his bank account in India gets designated as NRO account.

The deposits can be used to make all legitimate payments in rupees. Interest income from NRO accounts is taxable. Interest income, net of taxes is repatriable. Authorised dealers may allow remittances upto US \$ 1 million, per calendar year, out of balances held in NRO account for any bonafide purpose.

FOREIGN CURRENCY ACCOUNTS

3) Foreign Currency Non Resident (Bank) Accounts (FCNR (B) Accounts)

NRIs/PIOs are permitted to open such accounts in US dollars, Sterling Pounds, Japanese Yen, Euro, Canadian Dollars and Australian Dollars. The accounts may be opened in the form of term deposit for any of the three maturity periods viz; (a) one year and above but less than two years (b) two years and above but less than three years and (c) three years only. Now RBI has allowed banks to accept FCNR (B) deposits upto maximum maturity period of five years.

Interest income is tax free in the hands of the NRI until he maintains a non-resident status or a resident but not ordinarily resident status under the Indian tax laws.

FCNR (B) accounts can also be utilised for local disbursement including payment for exports from India, repatriation of funds abroad and for making investments in India, as per foreign investment guidelines.

CHAPTER - 1

INTRODUCTION

1.1 OVERVIEW OF INDIA'S ECONOMY

India: Accelerating Growth

(Simple average of rates of growth of GDP in the preceding ten years)

India is the largest democracy and 4th largest economy (in terms of purchase power parity) in the world. India is also the tenth most industrialized country in the world. With its consistent growth performance and abundant high-skilled manpower, India provides enormous opportunities for investment, both domestic and foreign.

Major reform initiatives have been taken since 1991, in the fields of investment, trade, financial sector, exchange control simplification of procedures, enactment of competition and amendments in the intellectual property right laws, etc.

BASIC ECONOMIC STATISTICS	
GDP at current prices (2004-2005)	2843.9 (Rs Thousand Crore)
GDP growth rate : 2004-05	6.9%
Exchange Rate	Rs. 44.25/ \$ (Average Exchange Rate for April 05-January 06)
Foreign Exchange Reserves	US \$ 140.6 billion (as on July 29, 2005)
Exports 2004-05	US \$ 82.15 billion, Growth Rate : 23.9%
Imports 2004-05	US \$ 118.78 billion, Growth Rate : 48.5%
Foreign Direct Investment 2004-05	US \$ 5.6 billion

The service sector improved its performance significantly from 7.9% in 2002-03 to 9.1% in 2003-04. The strong performance of the capital goods sector coupled with increased imports of capital goods also augurs well for domestic capacity expansion in a large number of industries. The present trend indicates a positive outlook for industrial growth due to improved capacity utilization, improved industrial climate, expanding external and domestic demand and ease in availability of credit.

The strong and positive outlook of both foreign and domestic investors indicates that India is ready for a big push as the growing interest of foreign investors is coinciding with the rising confidence of domestic private investors. The increasing efficiency and competitiveness of domestic producers, liberalized trade, and deregulated interest rate regime are critical contributors to both growth acceleration and macro economic stability.

1.2 BUSINESS ENVIRONMENT IN INDIA

A number of studies in the recent past have highlighted the growing attractiveness of India as an investment destination. According to the study 'Dreaming with BRICS' by Goldman Sachs, Indian economy is expected to continue growing at the rate of 5% or more till 2050. Some of these conclusions are listed below:

- ✓ 2nd most attractive destination - A.T. Kearney Business Confidence Index, 2005
- ✓ 2nd most attractive investment destination among Transnational Corporations –UNCTAD's 'World Investment Report, 2005'
- ✓ Most attractive location for "offshoring" of service activities – A. T. Kearney Global Service Location Index 2005

Government has put in place a liberal, transparent and investor friendly Foreign Direct Investment policy (FDI), wherein FDI upto 100% is allowed under automatic route for most of the sectors/activities, where the investor does not require any prior approval. Only notification to the Reserve Bank of India within 30 days of inward remittance or issue of shares to non-residents is required. Cases requiring prior Government approval are considered by the Foreign Investment Promotion Board (FIPB) in a time bound and transparent manner. The FDI policy in India is considered as one of the most liberal, with very few barriers.

1.3 LIBERALIZED POLICY FRAMEWORK FOR INVESTMENT BY NON-RESIDENT INDIANS

The Government attaches importance to investments by NRIs. Government has provided a liberalized policy framework for approval of NRI investments through both the automatic and the Government route. NRIs are permitted to invest upto 100% equity in the Real Estate and Civil Aviation sectors. Automatic approval is given by the RBI to all NRI proposals with their investment upto 100% for all items/activities (Annexures 3,4,5) except a few exceptions mentioned in Press Note 2 (2000 series) read with sector specific guidelines. Government approval is required for all proposals not qualifying under the Automatic Route.

Proposals for conversion of NRI investment into repatriable equity are hitherto being considered by the FIPB for approval. This procedure has been reviewed in the context of various liberalization measures taken by the Government in the recent past. It is clarified that in terms of Press Note 4 (2001 series), all proposals would qualify for conversion of non-repatriable equity into repatriable equity under the automatic route provided:

- ✓ The original investment by the NRI was made in foreign exchange under the FDI Scheme
- ✓ The sector/activity in which the investment is proposed to be converted into repatriable equity is on the automatic route for FDI.

Major initiatives/incentives for NRIs and Foreign Direct Investment

The government took several steps in the current year in the area of foreign direct investment (FDI) in future pursuit of its already committed path of policy transparency and liberalization in FDI. FDI up to 100 per cent is now permitted on the automatic route in all sectors/activities except: (a) activities requiring industrial license under the Industries Development and Regulation Act, (b) proposals where the foreign investor had an existing joint venture/technical collaboration /trademark agreement in the same field of activity, (c) proposal for acquisition of shares in an Indian company in the financial services sector & where SEBI (Substantial Acquisition of Shares and Takeovers) Regulation, 1997 is attracted and (d) all proposals falling outside notified sectoral policy /caps or under sectors in which FDI is not permitted. Some of the specific measures, which have been taken are as follows:

- ❖ FDI cap in the domestic airlines sector has been enhanced from 40 per cent to 49 per cent and NRI investment is permitted up to 100 per cent with no direct or indirect equity participation by the foreign airlines.
- ❖ FDI up to 100 per cent under the automatic route is now permitted for development of township, housing, built up infrastructure and construction development projects. The minimum area requirement has been reduced to 10 hectares for serviced housing plots and 50,000 square meters built up area for construction-development projects. For investment by NRIs, the conditions are not applicable.
- ❖ FDI cap has been increased from 49 per cent to 74 per cent in basic and cellular telecom services. The revised cap includes both FDI and portfolio investment.
- ❖ FDI has been permitted in FM Radio Broadcasting up to a maximum of 20 per cent (which is inclusive of FDI, NRI, PIO and FII).

- ❖ Guidelines for approval of foreign/ technical collaborations for project with existing joint venture/ collaboration in the same field have been reviewed.

As a measure towards simplification of the existing procedures in FDI, the following activities have been placed on the general permission route of RBI:

- ❖ Transfer of shares in an existing Indian company from residents to non residents and vice-versa (except in the financial sector and where SEBI takeover code is attracted);
- ❖ Conversion of ECB/loan into equity, provided the activity is covered under the automatic route and the foreign equity after such conversion falls within the sectoral cap;
- ❖ Conversion of preference shares into equity provided the increase in foreign equity participated is within the sectoral cap and the activity is the automatic route; and
- ❖ Conversion of non-repatriable equity invested by NRIs in foreign exchange into repatriable equity allowed under the automatic route provided the original investment was made in foreign exchange under the FDI scheme notified under the FEMA regulation and the sector/activity in which the investment is proposed to be converted into repatriable equity is on the automatic route for FDI.

CHAPTER - 2

FDI/NRI INVESTMENT IN INDIA

2.1 POLICY ON FDI/NRI INVESTMENT

India has among the most liberal and transparent policies on FDI among the emerging economies. FDI up to 100% is allowed under the automatic route in all activities/ sectors (Annexures III,IV,V) except the following that require prior approval of the Government:

1. Activities/items that require an Industrial license (Annexure VI).
2. Proposals in which the foreign collaborator has an existing financial / technical collaboration in India in the 'same' field (Press Note no. 1 of 2005 series),
3. Proposals for acquisition of shares in an existing Indian Company in:
 - ✓ Financial Services Sector and
 - ✓ Where Securities & Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulation, 1997 is attracted;
4. All proposals falling outside notified sectoral policies/caps or under sectors in which FDI is not permitted. (Refer Annexure II)

FDI policy is reviewed on an on going basis and changes in sectoral policy /sectoral equity cap are notified through Press Notes by the Secretariat for Industrial Assistance (SIA), Department of Industrial Policy and Promotion. All Press Notes are available at the Website (www.dipp.gov.in). Reserve Bank of India (RBI) under Foreign Exchange Management Act (FEMA) also notifies FDI policy. Please refer to RBI website (www.rbi.org.in).

PROHIBITED SECTORS

The extant policy does not permit FDI in the following cases;

1. Gambling and Betting
2. Lottery Business
3. Atomic Energy
4. Retail Trading
5. Agricultural or plantation activities or Agriculture (excluding Floriculture, Horticulture, Development of Seeds, Animal Husbandry, Pisciculture and Cultivation of Vegetables, Mushrooms etc. under controlled conditions and services related to agro and allied sectors) and Plantations (other than Tea plantations)

2.2 PROCEDURES

PROCEDURE UNDER AUTOMATIC ROUTE

FDI in sector/ activities to the extent permitted under automatic route does not require any prior approval either by Government of India or RBI. The investors are only required to notify the Regional office concerned of RBI within 30 days of receipt of inward remittances and file the required documents with that office within 30 days of issue of shares to foreign investors.

PROCEDURE UNDER GOVERNMENT APPROVAL

FDI in activities not covered under the automatic route requires prior Government approval and are considered by the Foreign Investment Promotion Board (FIPB). Approvals of composite proposals involving foreign investment / foreign technical collaboration are also granted on the recommendations of the FIPB.

Such applications for FDI cases, except Non-Resident Indian (NRI) investments and 100% Export Oriented Units (EOUs), should be submitted to the FIPB Unit, Department of Economic Affairs (DEA), Ministry of Finance.

Applications for NRI and 100% EOU cases should be presented to SIA in Department of Industrial Policy and Promotion.

Applications can also be submitted with Indian Missions abroad who forward them to the Department of Economic Affairs for further processing.

Applications can be made in Form FC-IL which can be downloaded from www.dipp.gov.in. Plain paper applications carrying all relevant details are also accepted. No fee is payable.

GENERAL PERMISSION OF RBI UNDER FEMA

Indian companies having foreign investment approval through FIPB route do not require any further clearance from RBI for receiving inward remittance and issue of shares to the foreign investors. The companies are required to notify the concerned regional office of the RBI of receipt of inward remittances within 30 days of such receipt and within 30 days of issue of shares to the foreign investors or NRIs.

GENERAL PERMISSION TO NRIs/PIOs

The Reserve Bank has granted general permission to NRIs/PIOs for undertaking direct investment in Indian Companies under the automatic route, purchase of shares under Portfolio Investment Schemes, investment in companies and proprietorship/ partnership concerns on non-repatriation basis and for remittances of current income. NRIs/PIOs do not have to seek specific permission for approved activities under these schemes.

The Reserve Bank of India has now further simplified financial transactions by NRIs/PIOs by granting general permissions to:

1. Resident individuals, partnership/proprietorship concerns to avail of interest bearing rupee loans from NRIs/PIOs out of funds remitted by them from abroad or out of funds held in their bank accounts in

India, on non – repatriation basis, subject to certain conditions; one of them being that the rate of interest on such loans should not exceed Bank Rate plus two percentage points.

2. NRIs/PIOs to transfer by way of gift shares held by them in Indian companies and to transfer by way of gift immovable property held by them in India subject to compliance with other applicable rules/regulations including the provisions of Foreign Contribution Regulations Act, 1976 by the charitable trust/organisation concerned.
3. All domestic public/private sector mutual funds for issue of units to NRIs/PIOs on both repatriation and non repatriation basis.
4. NRIs/PIOs to place deposits with Indian firms, on non-repatriation basis and with Indian companies on non-repatriation basis out of domestic sources.
5. NRIs/PIOs for sale of shares acquired under direct investment Schemes on stock exchanges in India.
6. NRIs/PIOs for transfer of shares, by way of sale under private arrangement to another NRI or to a resident.

8. NRIs/PIOs may remit the sale proceeds of immovable property without the lock in period of 10 years subject to maximum of 1 million USD per calendar year.

NRIs/PIOs have been granted general permission to invest in Government Securities and Treasury Bills.

Taking into account the facilities that are already available, and the above new measures, NRIs/PIOs will not have to seek specific permission of Reserve Bank for a whole variety of approved financial/investment transactions. This should considerably reduce paper work and time taken for undertaking such transactions.

Special Economic Zones Act, 2005 provides for the establishment, development and management of Special Economic Zones for the promotion of exports and for the matters connected therewith or incidental thereto. The policy provides for setting of SEZ's in the public, private joint sector or by State Governments.

CHAPTER - 3

TAX INCENTIVES FOR NON-RESIDENTS

RESIDENTIAL STATUS FOR TAX PURPOSES

In India, as in many other countries, the charge of income-tax and the scope of taxable income varies with the factor of residence. There are two categories of taxable entities viz. (1) Residents and (2) Non-Residents. Residents are further classified into two sub-categories (i) Resident and ordinarily Resident and (ii) Resident but not Ordinarily Resident. The law prescribes two alternative technical tests of residence for individual taxpayers. Each of the two tests relate to the physical presence of the taxpayer in India in the course of the "previous year" which would be the twelve months from April 1 to March 31.

A person is said to be "Resident" in India in any previous year if he -

- (a) is in India in that year for an aggregate period of 182 days or more; or
- (b) having within the four years preceding that year been in India for a period of 365 days or more, is in India in that year for an aggregate period of 60 days or more.

The above provisions are applicable to all individuals irrespective of their nationality. However, as a special concession for Indian citizens and foreign citizens of Indian origin, the period of 60 days referred to in Clause (b) above, will be extended to 182 days in two cases: (i) where an Indian citizen leaves India in any year for employment outside India; and (ii) where an Indian citizen or a foreign citizen of Indian origin (NRI), who is outside India, comes on a visit to India.

In the above context, an individual visiting India several times during the relevant "previous year" should note that judicial authorities in India have held that both the days of entry and exit are counted while calculating the number of days stay in India, irrespective of however short the time spent in India on those two days may be.

A "Non-Resident" is merely defined as a person who is not a "Resident" i.e. one who does not satisfy either of the two prescribed tests of residence.

An individual, who is defined as Resident in a given financial year is said to be "Not Ordinarily Resident" in any previous year if he has been a Non-Resident in India nine out of the 10 preceding previous years or he has during the seven preceding previous years been in India for a period of, or periods amounting in all to, 729 days or less.

Till 31st March, 2003, "Not Ordinarily Resident" was defined as a person who has not been resident in India in nine out of 10 preceding previous years or he has not during the seven preceding previous years been in India for a period of, or periods amounting in all to, 730 days or more.

TAX EXEMPTIONS FROM INCOME TAX

Income from the following investments made by NRIs/PIOs out of convertible foreign exchange is totally exempt from tax:

- (a) Deposits in under mentioned bank accounts
 - (i) Non Resident External Rupee Account (NRE)
 - (ii) Foreign Currency Non Resident Account (FCNR)

- (b) Units of Unit Trust of India and specified mutual funds, other specific securities, bonds and savings certificates (subject to conditions prescribed under the Income-tax laws and regulations).
- (c) Dividend declared by Indian company.
- (d) Long term capital gains arising from transfer of equity shares in a company and/or equity oriented schemes of Mutual Funds, which are subject to Securities Transaction Tax.

It should be noted that the tax exemptions relating to NRE bank deposits will cease immediately upon the NRI/PIO becoming a resident in India whereas the interest on FCNR bank deposits will continue to be tax free as long as the NRI maintains the status of Resident but Not Ordinarily Resident or until maturity, whichever is earlier.

TAX EXEMPTIONS FROM WEALTH TAX

Where an NRI/PIO returns to India for permanent residence, the money and the value of assets brought by him into India and the value of assets acquired by him out of such money within one year immediately preceding the date of his return and at any time thereafter are totally exempt from wealth tax for a period of seven years after return to India.

The above exemption may not have much relevance now since the Finance Act 1992 has considerably reduced the scope of wealth tax. With effect from 1st April, 1993, wealth tax is being levied only on non-productive assets like urban land, buildings (except one house property), jewellery, bullion, vehicles, cash over Rs.50,000/- etc. The current rate of wealth-tax is 1% on the aggregate market value of chargeable assets as on 31st March every year in excess of Rs.1.5 million.

However, it may be noted that NRIs are also liable to pay wealth tax if the market value of taxable assets as on 31st March exceeds Rs 1.5 million.

TAX EXEMPTIONS FROM GIFT TAX

Gift Tax Act, 1958 has been repealed with effect from 1st October, 1998 and as such, Gift Tax is not chargeable on any gifts made on or after that date.

With regard to gifts of foreign exchange or specified assets made by NRIs to their relatives in India, it should be noted that

1. Gifts made by an NRI/PIO to his or her spouse, minor children or son's wife will involve clubbing of income and wealth in the hands of the donor-NRI/PIO.
2. In the case of gifts to minor children the clubbing of income, as above, will cease upon such children attaining the age of 18 years.
3. The clubbing provisions will apply, in case of gift to spouse or son's wife in India, only to the first-stage of income from the original gift. Second-stage income arising from investment of the income from the original gift is not clubbed and this will constitute the separate wealth/income of the donee- spouse.

Generally, the income of minor children, from any source (including income from gifts from parents) is clubbed with the income of the parent whose total chargeable income is greater.

Other matters to be noted regarding gifts are:

1. All gifts received by residents from NRIs/PIOs may be subject to the tax authorities requiring the recipient to provide evidence as regards the identity and financial capacity of the donor and genuineness of the gift.
2. Under the Foreign Exchange Management Act, 1999 no approval from Reserve Bank of India (RBI) is necessary for the resident donee to hold gifted immovable property outside India provided the said property is gifted by a person resident outside India. General permission, subject to certain conditions, is granted by RBI for the resident donees to hold foreign moveable properties such as shares and securities gifted by NRI/PIO donors.
3. The Income Tax Act has now provided that any sum of money exceeding Rs.25, 000 received without consideration (i.e., gift) by an individual from any person on or after 1st September, 2004, the whole of such sum will be chargeable to income-tax in the assessment of recipient (i.e., donee) under that head "Income from other sources" for and from assessment year 2005-06 and onwards.

However, the above provisions will not apply to any sum of money (gift) received

- (a) from any relative; or
- (b) on the occasion of the marriage of the individual; or
- (c) under a will or by way of inheritance; or
- (d) in contemplation of death of the payer.

The term "Relative" is defined as:

- (1) spouse of the individual;
- (2) brother or sister of the individual;

- (5) any lineal ascendant or descendant of the individual;
- (6) any lineal ascendant or descendant of the spouse of the individual; and
- (7) spouse of the person referred to in (2) to (6).

Scope of Receipts

- As per plain reading of the provision, any receipt without consideration, save exclusions, whether capital or otherwise, may be considered as income.
- Similar receipts by any person (such as a partnership firm, a company, and Association of Persons AOP etc.), other than an individual or a Hindu Undivided Family, would not constitute income in its hands.
- The provision would apply to an individual irrespective of his residential status. Accordingly, any receipt in India by a non-resident of the nature discussed above would be considered as income in his hands.

- Gifts on occasion other than marriage, for example, birthday, marriage anniversary and other social occasions, religious ceremonies etc., would be taxable as income. Gifts received on the occasion of the marriage of the individual, irrespective of any limit, (but within reasonable limits) would not constitute income.
- The receipts should be in the form of money. Accordingly, any gift in kind would not be taxable.

4.5 PHILANTHROPY BY NON GOVERNMENTAL ORGANISATIONS (NGOs)

Introduction

Any organisation working for a social, cultural, economic, educational or religious cause is termed as an NGO. NGOs have made favorable indents to needy sections of Indian society at par with a constantly changing socio-economic climate. NGOs have reached out to all sections of society including women, children, pavement dwellers, unorganised workers, youth, slum-dwellers and landless labourers.

An NGO can be formed under various legal identities:

- (i) Society registered under Societies Registration Act, 1860.
- (ii) Trust (Formed under the Trust deed and registered with Income Tax Authority.)
- (iii) Limited company incorporated under section 25 of the Companies Act, 1956

SOCIETY

A Society is formed when people come together to do something with some common purpose which is legal and useful for others. A society should generally not get into profit making activities.

TRUST

What is a Charitable Trust?

A charitable trust is a legal entity which can be set up by anyone who has decided to commit themselves in principle to setting aside some of their assets or income for charitable causes. Trusts are completely independent of government or any external control. The main obligation is to work within the charitable purposes and the powers set out in the Trust Deed.

Features of a Trust

A Trust is created when a donor attaches a legal obligation to the ownership of certain property based on his confidence placed in and accepted by the donee or trustee, for the benefit of another.

The persons who intends to create the trust with regard to certain property for a specified beneficiary and who places his confidence in another for this arrangement is called the Author of the Trust; the person who accepts the confidence is called the Trustee; the person whose benefit the confidence is accepted is called the Beneficiary; the subject matter of the trust is called Trust Property.

Charity is a matter for State control, so different States of India have their own legislation in the form of Trusts or Endowment Acts to govern and regulate public charitable NGOs.

Trustees control the Trust

The Trustees control the trust's assets and decide how the income (and capital) of the trust is to be distributed, and ensure that it is in line with the charitable purposes of the trust.

The author of the trust must indicate with reasonable certainty the following:

- Intention to create trust
- Purpose of the trust
- Beneficiaries of the trust, and
- The trust property

A public trust is of permanent and indefinite character. A public trust benefits the public at large or at least a section of the community.

The property forming subject matter of the trust must be capable of being transferable to the beneficiary - thus property which is inalienable by virtue of public policy or statute does not form valid subject matter for a trust. In terms of section 8 of the Indian Trusts Act, there cannot be as a trust of a beneficial interest under a trust i.e. there cannot be a trust upon a trust.

Flexibility in naming your Trust

You can choose what to call your trust - your family name, or that of an honorable person. The organisation can also be called a "foundation" or "charity" or any similar terms as these words are practically interchangeable in a legal sense.

NON - PROFIT COMPANY

Non - Profit Company is identical to an ordinary company in all respects except that it is not established for profit and commercial gain. It is also called a Section 25 Company and is a voluntary association of people, registered under the Indian Companies Act, 1956.

Objectives of a non-profit company can include promotion of commerce, art, science, religion, charity or any other useful object. Profits are applied for promoting only the objects of the company and no dividend is paid to its members (Section 25 (1) (a) and (b) of the Companies Act, 1956). A non-profit company may be public or private. If the non-profit company is a private company a minimum of only two members are required to form it. However, if the non-profit company is for a public purpose, then a minimum of seven are needed. A 'section 25 company' is eligible for certain exemption from provisions of law and concessional rate of fees etc.

2. Benefits to Donors :

The donors are also entitled to get an exemption on their donation where exemption can be 50% or 100% depending on the category of organisations.

Illustrative example of NGOs handling foreign money/materials:

Sponsorships by foreign parties:-

An occasion can arise where a moneyed foreign person agrees to kindly sponsor an NGOs annual charity festival and the foreign funds are forwarded directly to the printers for printing of catalogues for this festival by them, the NGO accepting the catalogues has accepted foreign contribution and is under an obligation to intimate the Central Government. If the NGO does not have requisite FCRA registration or prior permission it cannot accept the sponsorship in the first place.

5.3 OTHER IMPORTANT SCHEMES OF THE MINISTRY

1. E-remittance gateway

Overseas Indians have limited choice of either using the fast but expensive facility or the economic but relatively slow facility to remit money back home. Keeping this in view, the ministry has partnered with the UTI bank to develop an integrated, universal, electronic remittance gateway that combines the virtues of economy, speed and convenience. This portal will also extend advisory services on investment, taxation and real estate to potential and interested overseas Indians, which would enable overseas Indians to remit money to India to designated accounts in any of the 14,500 bank branches, operating on Real Time Gross Settlement (RTGS) network of the RBI. The facility is operational between Doha and India at present. In the last two months over 9000 remittances totaling about Rs 8040 lakhs have been made. The advisory services are fully operational and are available on the www.overseasindian.in portal. The remittance gateway is targeted to be fully operational in the GCC countries, to begin with by January 2007.

2. AAPI India Health Initiative

The project would develop best practice guidelines for delivery of health care in the pilot villages which will be replicated by in the other areas. The scheme would initiate capacity building of the community to ensure prescribed health care standards in primary health care.

The scheme will be implemented in partnership with the AAPI in the selected states of Bihar and Andhra Pradesh. To begin with pilot projects will be initiated in one village in all the districts of both the states. The funding will be done by the Central Government and Partner states while AAPI will be the knowledge partner. To achieve the objectives intensive training of trainers from primary to tertiary level will be organized by AAPI in collaboration with local partners.

In the changing competitive environment of world economy Indian workers were going abroad are slowly losing their jobs to the more skilled workers coming from other countries. The orientation programme and skill up gradation training will help Indian workers retain their jobs and also enable them to earn more wages and return more money as remittance in the country. MOIA will give funds upto Rs. 1 crore to each of the participating state during the financial year for the training of at most 10,000 workers.

5. SCHOLARSHIP PROGRAMME FOR DIASPORA CHILDREN (SPDC)

The specific objective of the Scholarship Scheme is to make higher education in India accessible to the children of Overseas Indians and publicise India as an education hub. Through this scheme, it is hoped that the students selected for such scholarships would become brand ambassadors for India and its educational institutions. Under the proposed Scholarship Scheme, Ministry of Overseas Indian Affairs (MOIA) provides 100 scholarships to Indian students each year starting from 2006-07. The students are selected on the basis of an entrance test conducted by M/s Educational Consultants India Limited (Ed.CIL), an autonomous body under MHRD with whom the Ministry is working on a partnership basis. Children from developing countries where there are no extant educational facilities or have less opportunities for higher studies and where there are large concentration of the diaspora are targetted. The scholarship amount provided in 2006-07 would cover approximately 60-70% of the tuition fees, depending on the courses selected.

6. KNOW INDIA PROGRAMME (KIP)

The Know India Programme (KIP) is an on-going programme of the Ministry of Overseas Indian Affairs, which aims at associating closely the younger generation of the Indian Diaspora with India. It provides a unique forum for students and young professionals of Indian origin to share their views, expectations and experience and bond closely with contemporary India. This is a 3-week comprehensive orientation programme organized by the Ministry of Overseas Indian Affairs. Participants are expected to make full use of this time and the opportunities given by way of connection extensively with each segment in the programme. The Ministry proposes to organize KIP 3-4 times a year including the one with Pravasi Bharatiya Divas held every year on 9 January.

Interested students and young professionals from Indian diaspora should get in touch with the Indian Mission/Post nearer to them for detailed information in this regard. The age of the Intern should be between 18 and 25 years. The main objectives of the program are to create awareness about the phenomenal transformation taking place in India and the country's progress from just a destination for culture, heritage and art to an emerging powerhouse in the global economic system, build linkages to bridge the information gap and to prepare a blueprint for creating a sustained mechanism for engaging the Diaspora youth with India.
